DEDICATION

As time goes by we find we often neglect to recognize those who have helped to mold our lives. The Senior Class of 1979 would like to take this opportunity to thank Mr. James Helms for his concern and guidance through the years, by dedicating the Kinstonian to him this year.

FACULTY

PRINCIPAL

Although this is Mr. Cain's first year at KHS, he has done an outstanding job in organizing and in improving the student body. We the students and faculty would like to extend our gratitude and appreciation for all the help he has given us.

SECRETARY

Mrs. Glass is certainly an asset to KHS. Not only is Mrs. Glass the secretary, she is a person you can count on to assist you in any way. We would like to thank Mrs. Glass for her help, consideration, and understanding to the student body of KHS.

Bits And Pieces

People, people important to you crossing your life, touching it with love and carelessness and more. There are people who leave you and you breath a sigh of relief and you wonder why you ever came into contact with them. There are people who leave you and you think life is over, breathing a sigh of remorse and wonder why they had to go. Children leave parents, friends leave friends, acquaintances move one by one to other places. People change homes people grow apart, enemies hate and move on, friends love and move on. You think of many who have moved into your lazy memory. Then you look at those present and wonder. I believe in God's master plan of lives. He moves people in and out of each others lives and each leaves his mark on the other. I hope and pray that you can look on mine as a mark of achievement and not as a scar. You find you are made of bits and pieces of all who have ever touched your life and you are more because of it. Pray to God that you accept the bits and pieces in humility and that you never regret it.

Graduating Class Of "1979"
